Experience

Freelance Frontend Developer

Remote | 2024–Present

- Built and deployed multiple responsive websites including a coffee shop site and a honey business website using HTML/CSS and GitHub Pages.
- Developing React.js projects including dynamic To-Do applications.
- Designed UI/UX interfaces for web projects using Figma and Adobe tools.
- Studied frontend technologies through structured self-learning via YouTube and online tutorials.
- Collaborated with clients to understand their business needs and translate them into digital solutions.

Certifications & Courses

- Frontend Development Bootcamp [Personal learning from YouTube]
- Git & GitHub for Beginners [Personal learning from YouTube]
- HTML & CSS from Zero to Hero [Personal learning from YouTube]
- Tata Data Visualization Simulation | Forage (Apr 2025)

1. Analyzed 100K+ sales records to identify seasonal trends and top-performing markets.

2. Created 4+ dashboards in Power BI for executive decision-making.

3. Recommended expansion strategies based on geographic demand analysis.
